Invitation

On behalf of the Organising Committee and the Indian Pharmacological Society, we are delighted to invite you to the International Pharmacology Conference (IPC) & 54th Annual Conference of Indian Pharmacological Society 2024 (IPSCON-2024) at All India Institute of Medical Sciences (AIIMS), New Delhi.

The IPC-IPSCON 2024 is being organized from 28th to 30th November 2024 at AIIMS, New Delhi. The pre-conference workshops are scheduled for 26th and 27th November 2024. We are enthusiastically looking forward to a great participation from students, pharmacologists, clinicians as well as National and Global leaders to come together in this mega event.

This conference aims to showcase the concepts and trends of current-age pharmacology. The theme of the conference is **Today's Research-Tomorrow's Medicine** which highlights contemporary issues emerging within the current scenario of Basic research in the area of Pharmacology, Toxicology, Herbal Medicines, and Clinical Research. The Basic research to find out the new therapeutic target is only worthwhile when its outcome has a translational value. The academic institutions, scientific laboratories, regulatory bodies, and pharmaceutical industries, all play a crucial role in drug development. This conference provides a platform for all these key players to come together to discuss various relevant issues and future perspectives.

AIIMS, New Delhi, is a prestigious and globally renowned medical institution, established in 1956. It stands as a beacon of excellence in healthcare, medical education, and research in India. As the apex medical institute in the country, AIIMS, New Delhi plays a pivotal role in shaping the future of healthcare professionals, providing state-of-art medical services, and conducting ground-breaking research.

Delhi, the capital city of India, is a living, breathing testament to India's past, present, and future. The city is a captivating blend of ancient and modern times, where towering skyscrapers coexist with historical monuments such as the Red Fort, Qutub Minar, and India Gate, echoing the tales of its rich past. The city is also a melting pot of cultures, with something to offer for everyone. The vibrancy of Delhi is evident when one visits its bustling markets and malls, serene gardens, museums, and art galleries. It has superb air, rail, and bus services that connect it with the length and breadth of India and beyond its boundaries too.

We are expecting the participation of more than 2000 national and international delegates. The countdown for this mega event has allegedly started ticking. We are eager to welcome you to IPC-IPSCON 2024 and value your esteemed participation and significant contribution to make this conference a great success.
